Program Overview

**The one-stop partner for sustainability project design
& talks at your institute.**

TATSAVI designs and delivers customised, credit-ready sustainability programs for universities and B-schools, turning SDG and ESG theory into real projects, live entrepreneur conversations, and outreach visits. With support from NIE-CREST, Mysore, and a practitioner network in clean energy, circular economy, sustainable business practices, and green infrastructure, we help institutes close the applied leadership gap and build NAAC/NIRF-ready documentation.

Mission & Values

Mission:

To deliver quality,
integrity, and
sustainable growth

Core Values:

Integrity, teamwork,
accountability,
innovation, and respect

Key Metrics

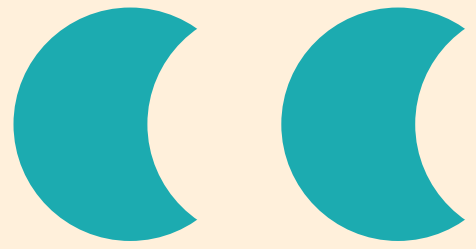

- 200+ YEARS COMBINED PRACTITIONER EXPERTISE
- 3L+ STUDENTS & PROFESSIONALS IMPACTED
- TEAM OF ENTREPRENEURS ACROSS THE INDUSTRIES
- 6 PROGRAM TRACKS: CAREER READINESS TO SDG LEADERSHIP
- NEP | 2020 FULLY ALIGNED CURRICULUM DESIGN

CERTIFICATION PARTNERS

- NIE-CREST, Mysore
 - Institutional backing for project design, laboratory facilities, and project assessment
- Rachana Ener Care
 - Renewable energy, micro-grids & green/energy audits; Mysuru energy-efficiency demo centre.
- Laratech
 - Infrastructure & solar energy engineering; sustainable township and environment design.

Key Modules

- Career Pathways in Sustainability
 - Interactive sessions mapping diverse sustainability career routes.
- Adopting SDGs & ESG Principles
 - Case-study discussions on embedding SDG/ESG into business operations.
- Sustainable Business Models
 - In-depth modules on designing and implementing sustainability strategy.
 - Social entrepreneurship
- Circular Economy & ESG Marketing
 - Circular economy advantages and their role in ESG-centric marketing.
- Outreach Programs
 - Field visits to operational sustainable & ESG projects for hands-on exposure.
- Real Conversations with Entrepreneurs
 - Live interaction with founders across industries: niche discovery, art of networking, challenges and solutions, first-hand.

Core Strengths

- All sessions facilitated by practising entrepreneurs and industry experts, not classroom trainers.
- Backed by NIE-CREST, Mysore for training & outreach delivery.
- Every workshop generates its own NAAC/NIRF-ready documentation, removing faculty workload.
- Curriculum fully aligned to NEP 2020 — experiential learning & community engagement.
- Delivered as customised modules that fit inside your academic calendar.

Universities generate great knowledge.
TATSAVI engineers the individuals who act on it.
